Program Statement

Our Mission: The purpose of Sundowners is to provide and promote licensed, non-profit, high quality, affordable, and accessible early learning and child care programs to meet the needs of children and families in Windsor-Essex County.

Our History: Sundowners has been offering high quality programs in Windsor and the surrounding communities since 1987. We are governed and operated by professionals with many years of experience in early childhood education. The ultimate responsibility of the organization rests with the Board of Directors, which is comprised of members from the business sector, education sector, the community, and parents. All our programs are located in schools because we strongly believe this model of care is one of the best options for families today.

Our Vision: Sundowners exists to provide a safe, developmentally inclusive environment for infants, toddlers, preschool, kindergarten, and school age children. Our focus is to provide a stimulating early learning and child care experience which promotes each child's social/emotional, physical and cognitive development. Our goal is to support and nurture the children's, as well as our own natural desire to be life-long learners. We are committed to the families we serve, providing support and encouragement.

Our Values:

Quality Care and Trust: When parents are looking for early learning and child care programs they need to find someone they can trust. We will continue in our efforts to ensure and continuously improve our services to meet the needs of the children and families we service.

Life Long Learning: At Sundowners we believe that we all share a responsibility to support and nurture the children's and our own natural desire to be lifelong learners. We put ourselves and our learning on the same level as the child's and commit to our own professional development and personal growth. We learn alongside the children and their families and embrace the opportunity to learn and grow each day.

Partnership: Respectful relationships are very important and on which our organization operates. We believe that quality of care we provide is measured by the quality of relationships we have with children, families, employees, school boards, funders, and legislators. We are committed to ensuring these relationships are respectful; warm and caring; honest and open; fair and equitable.

Fiscal Responsibility: We are committed to financial prudence and sustainability – to making decisions that take into consideration the overall financial health of the organization in order to meet our goals and objectives. We conduct ourselves in a manner that is professional and according to all business practices that are legal and ethical.

Our Philosophy: The Board of Directors and staff of Sundowners Day Care & Resource Centre believe that children deserve the opportunity to learn and grow in a safe, enriching environment. We believe learning happens through positive relationships, exploration, experiences, and a sense of belonging that enables children to become productive contributors to the world in which they live.

We believe that children are competent, capable of complex thinking, curious and rich in potential. We are committed to the “**emergent curriculum**” approach to program planning, in which activities “emerge” based on ideas and interests from both children and staff.

We believe **play** is integral to children’s learning and essential to quality of life in childhood. Exploration and play are a child’s primary way of understanding the world. Children are agents of their own learning, actively building knowledge, skills, dispositions, and feelings. We are committed to fostering each child’s self-esteem, well-being, and growing need for independence. All aspects of their development and learning are interrelated and interdependent.

Throughout the network of our school based early learning and child care centres, Sundowners provides warm, personalized care and developmentally appropriate programs for **infant, toddler, preschool, kindergarten and school age children**. School Boards and parents rely on Sundowners to deliver these special and unique services. While parents appreciate the convenience of having a child care centre in their school; children benefit from a “seamless” day with early learning and care programs designed just for them.

View of Children

Sundowners views all children as competent, capable, curious, and rich in potential. We recognize each child is a unique individual who brings his or her abilities to the program and deserves respect, encouragement, and space to try new things, explore new ideas and develop their own unique creativity and sense of self.

We provide an environment that fosters curiosity and allows children to explore. We believe that every child deserves a safe and caring environment, a place to grow and develop to their maximum potential.

The Value of Play

Play is an essential part of child development because it contributes to the cognitive, physical, emotional, and social well-being of all children. Play is linked to the development of literacy, numeracy, social skills, creativity, imagination, learning new cognitive concepts, and developing new skills through physical movement. Sundowners strives to provide a variety of materials for children to explore and manipulate. We also provide experiences and environments that allow children to investigate their theories, work in groups, explore ideas, problem solve, and make decisions based on their interests.

Various activities are offered throughout the course of the day that include music and movement, drama experiences, indoor and outdoor gross motor play, literacy, numeracy, nature and science, construction and design, periods of rest or quiet time, and the option to work on homework for our older school aged children.

How Does Learning Happen?

The play-based, emergent curriculum is designed to enhance the learning styles and environment of young children. **How Does Learning Happen? Ontario's Pedagogy for the Early Years** is the program guide used in the development of our programs. How Does Learning Happen is organized around the four foundations: Belonging, Engagement, Expression and Well-Being.

FOUNDATIONS	GOALS FOR CHILDREN	EXPECTATIONS FOR PROGRAMS
Belonging	Every child has a sense of belonging when he or she is connected to others and contributes to their world.	Early childhood programs cultivate authentic, caring relationships and connections to create a sense of belonging among and between children, adults, and the world around them.
Well-Being	Every child is developing a sense of self, health, and well-being.	Early childhood programs nurture children's healthy development and support their growing sense of self.
Engagement	Every child is an active and engaged learner who explores the world with body, mind, and senses.	Early childhood programs provide environments and experiences to engage children in active, creative, and meaningful exploration, play, and inquiry.
Expression	Every child is a capable communicator who expresses himself or herself in many ways.	Early childhood programs foster communication and expression in all forms.

Sundowners encompasses the research and legislation in Ontario's three major early learning documents:

Hours of Operation

Open and close times vary from site to site and at different times of the year. Please speak to your site supervisor or visit our website at www.sundownersdaycare.com for more detailed information.

Please be aware that Sundowners has an agreement with the School Boards to offer programs that are compatible with the schedule of the school in which our child care centre is located. This may not be convenient for you if your child attends a different school. While parents are welcome to use our services, please take this into consideration when making your choice. At times Sundowners has had to adjust programs without notice due to changes in the school's schedule. Sundowners cannot be held responsible for operational changes or disruptions outside of its control.

Late pick up

Current practice does not allow us to provide child care outside our hours of operation. **There are extra charges if your child is still at the centre after closing time.** Unfortunately, Sundowners may have to request the withdrawal of a child with a history of late pickups. If staff have been unable to contact a parent or emergency contact and/or your child is still at the centre one hour after closing, a Sundowners' Coordinator will contact the local authorities (police and/or Children's Aid.)

Holidays

Sundowners' locations are closed for all Statutory Holidays as well as the Civic Holiday in August. **All Statutory Holidays, including the Civic Holiday will be included in your tuition fees.**

Centre Closures

Unforeseen child care centre closures may result due to a variety of circumstances. This includes, but is not limited to extreme weather, hydro/water failures, outbreaks, or labour disputes. If schools are closed due to weather conditions or other emergencies, the child care centre will be closed. Please listen to local radio stations for child care closing information at CKLW. Or go to the following link <http://www.buskids.ca/>

Notice will be given and alternate child care locations will be provided whenever possible if your centre is closed for reasons other than extreme weather or outbreaks. Please note: Fees will be charged for all days as scheduled, including statutory holidays, closures for unforeseen circumstances, child illness and/or absences, etc.

Program Information

Medical Information

If your child becomes ill during program time, parents are contacted so arrangements can be made to have your child picked up within one hour of notification. Children exhibiting symptoms of influenza or an infectious respiratory illness should remain at home, and the child care centre should be notified immediately.

If your child requires medication while in attendance at Sundowners:

1. Please be sure to sign a Medication Authorization form. Medication cannot be administered without this form. If more than one medication is required, a new form will be completed for each medication.
2. Please ensure that the medication is sent in its original container with the child's first and last name **clearly** printed on it.
3. Expired medication **will not** be administered at any time, and all efforts will be made to return the medication to the parents.
4. If your child is currently taking medication on an ongoing basis (i.e. Ritalin, Asthma medication, Epi-pen), please advise the supervisor at registration, or as needs change.

Please note: Sundowners policy allows us to administer prescription medication with a signed Medication Authorization form. Non-prescription medications can be administered if it is

accompanied by a detailed Doctor's note, as well as the signed Medication Authorization. Please discuss with your site supervisor for more information.

If a child becomes ill for an extended period, Sundowners will use guidelines given by the local Health Unit for readmission.

Nutrition & Allergy Information

Sundowners believes that adequate and appropriate nutrition is vital to the health, development, and growth of a child. All meals, snacks and beverages must meet the recommendations set out in Canada's Food Guide. Menus are posted on the parent board at each of our locations.

Sundowners will make every effort to reduce the risk of exposure to food and non-food agents that may cause an anaphylactic reaction. As such, parents are asked to refrain from bringing food into any of the child care centres, with the exception of infant children. Other exceptions may apply for children with specialized diets. Arrangements can be made prior to attending with the site supervisor. Children who attend school may consume portions of their lunch while attending Sundowners. **Food purchased from commercial restaurants such as Tim Hortons or McDonalds (where ingredients cannot be verified) are not permitted.** Sharing of food is not allowed.

Please advise the site supervisor if your child has any type of allergy or dietary restriction. **For children with life-threatening allergies, a treatment and emergency plan must be discussed and implemented prior to your child's first day.** Children who require an Epi-pen cannot attend any of our locations without an up-to-date Epi-Pen and plan onsite.

Absences

An "absence" is defined as a period of time for which a child is enrolled in a child care program by a parent and does not attend for that particular period of time.

Parents are asked to notify Sundowners if their child will not be attending on a scheduled day. Because the safety of your child depends on someone knowing where he/she is at all times, when a child does not arrive at Sundowners as expected according to his/her enrolment schedule, the supervisor will make all reasonable attempts to find out why your child is not in attendance. **There will be an extra charge for this service.**

Information Provided at Registration

Please notify the site supervisor immediately of any changes to information given at registration. Your child's safety in the event of an emergency could depend on the accuracy of this information.

Drop Off & Pick Up Procedures

Parents/guardians are required to sign their child(ren) in upon arrival and out upon departure.

Children are not released to anyone other than the parent or person(s) authorized on the emergency form unless the parent notifies the site supervisor directly. If a parent will be late, or a situation arises when an alternate person must be sent to the child care centre to pick up the child, the staff must have the name, and an accurate description of the person. To ensure your child's safety, an

alternate person will be required to show identification. **Also note, any person, including the parent, who is unknown to the staff member present will be asked to provide ID.** Please remember that this is for the safety and well-being of your child and is mandatory for all Sundowners staff. A child will not be released until the individual can be verified. In matters involving custody disputes we cannot refuse access without a court order.

Supervision

Each centre has its own unique supervision procedures, with an emphasis on safety and security for each child. In addition, please be aware of the following general procedures that apply to all centres:

1. Children who are in their home school and in grade one or older arrive from their classrooms on their own after school.
2. Children who are in their home school and in JK or SK are sometimes accompanied to/from the centre.
3. Sundowners cannot be responsible for a child that does not arrive at the centre at his/her appointed time.

In order to ensure your child's safety while he/she is at Sundowners, we encourage parents to check with the supervisor regarding supervision procedures at your centre.

Outdoor Play

Research shows that allowing children to actively explore and investigate what they are naturally curious about, to test their limits, take manageable risks appropriate for their age and abilities, and engage in creative problem-solving is critical for children's physical and mental health and well-being.

Staff will ensure and consider ways to use the environment during active play where children thrive in indoor and outdoor spaces that are inviting to them and allow them to investigate, imagine, think, create, solve problems, and make meaning from their play experiences.

Outdoor Play Requirements for Full-Day Children: Children receiving care for six hours or more will spend at least two hours each day outdoors, weather permitting (i.e. inclement weather).

Outdoor Play/Program Requirements for Before and After School Programs: All kindergarten and school age children receiving care in a before and/or after school program spend at least 30 minutes each day outdoors, weather permitting (i.e. inclement weather).

Field Trips

Field trips and off-site excursions can be planned as an extension of daily activities. At the time of registration parents will be given the opportunity to approve off-site activities within walking distance of the centre, for example, a local park. Field trips will require a permission form. The permission form will provide details of the trip including transportation and any additional fees.

Policy Statements

Code of Conduct

Sundowners maintains high standards for positive interaction, communication, and role-modeling for children. Harassment, discrimination, yelling and/or shouting will not be tolerated from any party. These standards apply to all individuals, including parents/guardians and their guests, volunteers, staff, and board members. All adults are expected to act as role models of good behavior. Emergency Management Statement

Sundowners has written policies and procedures for all the centres it operates regarding the management of emergencies. These were developed by Sundowners using guidelines set out by the Ministry of Education and are used in conjunction with the school plan and all other emergency procedures of the organization. In cases of emergencies parents will be notified and may include a variety of communications methods such as: by telephone, posted notice, posted note by sign-in sheets, verbally by the site staff and /or supervisor, e-message if available.

Supervision of Volunteers & Students Policy

Sundowners believes that volunteers and students play an important role in supporting our educators in the daily operation of the child care programs. This provision requires an employee always be present with children to meet ratio requirements and respond in case of an emergency. Our policies and procedures outline the respective roles and responsibilities of staff, students, and volunteers.

- All volunteers/students are required to provide a medical certificate, negative TB and/or x-ray test, Vulnerable Sector Check prior to interacting with children

- All volunteers/students are made aware of their roles and responsibilities during the orientation process. They are required to read and sign off on the Program Statement and all relevant policies and procedures prior to interacting with children.
- Volunteers nor students can be included in the staff to child ratio.
- Every volunteer and student will be supervised by a Sundowners' employee at all times and will never be alone with any child.

Inclusion, Access & Equity Policy

Sundowners recognizes that there are children with diverse needs in the community and supports the inclusion of all children, regardless of any special needs and/or challenges they may have. We believe that every child has a right to early learning and care in a safe, enriching environment.

It is understood that some children may have difficulty adapting to the child care environment due to their various strengths and needs. Procedures are in-place that allow Sundowners and the family to determine whether or not the child care placement will meet the child's needs, with the goal being a successful experience for the child and family.

If a child is displaying continual unsafe behaviours, Sundowners may choose to suspend a child and/ or terminate the child care contract.

Circumstances that could result in suspension from child care include:

A child displaying continual unsafe behavior
Attack (Physical and/or Verbal) on teachers and/or students
Outbursts that cause harm to teachers or students or damage to Sundowners property
Use of profane language
Increasingly combative behavior
Threats or intimidation

Circumstances that could result in termination of the child care contract include:

Injury to a teacher or student as a direct result of an attack or physical outburst
Recurrent suspensions without any resolution and/or changes

Children who have been suspended from a program may be allowed to return after a meeting with the applicable coordinator(s) and participation in the development of an Individual Service Plan (ISP) or update to an existing ISP. If child care is being terminated, families will be given support and referred to alternative child care and/ or appropriate community resources if and where applicable. Program support and special needs community resources will be implemented and exhausted prior to a termination notice being issued.

Please contact the accounting department directly for any requests to cancel care or reduce a schedule as soon as possible as this will maximize the opportunity for a change to be made.

If you are interested in an alternative to the above payment policy, please contact the Accounting Department directly.

Part Time Schedules (minimum 2 days per week)

Part-time registration with set schedule: We accept part time registrations. Part time could mean just morning or just after school service or less than five days per week. Part time registrants must commit to the same days of service to ensure adequate staffing and accurate billing. Additional day(s) may be available, space permitting.

Part time registration with varying schedule: Families requiring varying care will need to provide a schedule in advance as payment will be based on this schedule, including holidays. All schedule changes need to go through the Program Supervisor. We will accommodate changes subject to space availability. A Varying Schedule Agreement must be reviewed and signed with the site supervisor prior to beginning care.

Cancellation of Services

A child care space will be reserved once the registration process is completed. Unless otherwise noted, the registration will continue until the end of the enrollment period. A re-registration is required for each enrollment year. A minimum of two-weeks notice is required to cancel a reserved space or change care to as required. Re-registration, if space is available, requires a new re-registration fee and registration appointment.

Reserved Spaces

The tuition you are charged depends on what program(s) you have reserved for your child (enrolment). Once you have reserved that space for your child, you will be responsible for the tuition for that space, regardless of attendance. We understand circumstances occur and schedules change, therefore, we will make every reasonable attempt to adjust tuition to accommodate schedule changes as long as we receive a written request. Tuition adjustments will be dependent upon enrolment at the site. In order to ensure all legislative regulations are met, children must be registered in a program in order to attend that program. Occasionally if there are extra spaces, extra care can be arranged at an additional cost.

Family Discounts

Family discounts may be available for those families whose children are registered in full time programs. Please see your site supervisor for more detailed information.

Income Tax Receipts

An official income tax receipt for child care services provided in the year is prepared for each registered client at no extra charge. Every attempt is made to complete this process by the first week of March the following year. Please note that we are not able to release an income tax receipt on accounts with outstanding balances.

Monthly Receipts

As an additional service, monthly receipts for Green Shield, and duplicate receipts can be provided at an additional charge.

Refunds

If applicable, tuition refunds will be processed after completion of the accounting “month-end” following the month the client discontinues care. **Sundowners will make every effort to process any applicable refunds on a timely basis.**

Exceptions

Sundowners’ Administration staff will try to accommodate client needs within existing financial policy. There are times when this cannot be accomplished. Administration staff is not authorized to make an exception to financial policy. Please forward any requests for exceptions to financial policy in writing to Sundowners Administration Office, attention to the Executive Director. All payments need to be made as per current policy. However, if an exception is made, a refund will be forwarded.

Waitlist Policy

This policy and the procedures within provide for waiting lists to be administered in a transparent manner. It supports the availability of information about the waiting list for prospective parents in a way that maintains the privacy and confidentiality of children.

The procedures provide steps that will be followed to place children on the waiting list, offer admission, and provide parents with information about their child’s position on the waiting list.

This policy is intended to fulfill the obligations set out under the Ontario Regulation 137/15 for a child care centre that maintains a waiting list to have related policies and procedures.

PROCEDURE:

Sundowners will make every effort to ensure that all children are accommodated and are able to be enrolled in the program of their choice and site location. However, there may be times when a certain program and/or location may be at capacity. If a program is full and a waiting list is started, the parents will be notified at the time the inquiry is made. The child will be placed on the waiting list in chronological order, based on the date and time the request was received. Sundowners does not charge fees to be placed on a waiting list.

It is the site Supervisor’s responsibility to manage and maintain the waiting list. When space becomes available, priority will be given to:

1. Children currently enrolled, including the opportunity to re-register first for the next school period
2. Siblings of children presently enrolled
3. Children of Sundowner’s employees who need child care
4. Children who attend the school in which the child care program is located

5. Once these children have been placed, other children on the waiting list will be prioritized based on program room availability and the chronology in which the child was placed on the waiting list

As space becomes available, the site supervisor will contact the parent/guardian in order of priority, type of space available and type of care required. Parents will be given 24 hours to contact the Supervisor and accept the offer. If the supervisor is not contacted within 24 hours, the child will be removed from the waiting list and the next family on the list will be offered the care. It is the parent's responsibility to ensure up to date contact information is provided to the supervisor. If space is offered to a child and the parent/guardian states that care is not required now, but is required at a later date, the child will be removed from the waiting list and the parent encouraged to contact closer to the required date to be added to the list again.

Parents wishing to inquire about the status of their child's place on the waiting list will contact the site supervisor. To maintain privacy and confidentiality, only the child's position on the waiting list will be provided to the parent if requested. Names of other families and/or their placement on the waiting list will not be shared with other individuals.

OneHSN

The OneHSN centralized online child care registry makes finding licensed child care more efficient for both parents and the child care provider.

Using the OneHSN online system, parents can browse quality licensed child care options by location, hours, program and type of care they need. For parents, the online child care registry eliminates the need to individually seek out and contact multiple child care providers and fill out multiple application forms. Parents can visit www.WindsorEssexOneHSN.ca and create an account, then complete and submit the application, selecting as many licensed child care programs as required. Child care providers manage applications and waiting list online and contact parents to advise them of availability. The Windsor Essex OneHSN provides safe, fast and secure access to the licensed child care system.

Financial Assistance

Financial assistance (subsidy) may be available depending on your ability to pay. Child care fee subsidy is a program through which eligible families can receive financial assistance with their child care costs. Financial assistance can be provided for children zero to twelve years of age. **For more information, please contact The City of Windsor Children's Services at 519- 255-5312 (or On-Line Application- www.citywindsor.ca). Regular fees will apply until subsidy is approved.**

Financial Policies Information

When you register your child at Sundowners, you purchase a program and will provide Sundowners with the hours of care you require on a regular basis. Sundowners **staffing levels are based on these schedules.** To keep rates in check, Sundowners reserves the right to revise the hours of care requirement if actual usage varies from the requested schedule.

If you require care outside of your regular schedule, we ask that you contact the site supervisor to confirm that space is available.

Please be reminded that our fee policies require payment for services in advance or at the latest when the child care is used. This policy is applicable to extra care. Sundowners requires payment for extra attendance no later than the beginning of the day care is used.

This policy was designed to save Sundowners, and our clients, the expense of sending out invoices. Unfortunately, we are finding that some invoices still need to be sent out, and extra costs are being incurred because of this.

Extra charges can easily be avoided by following the fee policies when paying for child care. As a service to you, all the information you require to keep your account up to date is available by phoning the Accounts Receivable Department at 519-258-8741.

Please be aware that we are not able to:

- a) Issue an Income Tax Receipt for a year on accounts with outstanding balances.
- b) Re-register clients with outstanding balances. This includes registration for break packages, summer program, and new school year programs.
- c) Process refunds *if applicable* prior to the completion of the “month end” of the month the client discontinues care. Sundowners will make every effort to process refunds on a timely basis.

Please feel free to call our Accounts Receivable Department if you have any questions about your account. Our office staff is not authorized to make exceptions to policy. They are required to process charges according to our written financial policies. If you wish to request an exception to policy, please pay your outstanding balance to avoid further charges, and forward a written request for an exception to policy to the attention of the Executive Director.
